

2022 Virtual Advocacy Day - May 18

Federal Advocacy Day is a RESOLVE annual event in partnership with the American Society for Reproductive Medicine. 500+ advocates from all 50 states come together to talk to their Members of Congress about critical pro-family issues facing our community.

Why advocate?

"I had been told over and over again that I would walk away feeling empowered. They were right. I was heard... Our community was heard."

Members of Congress want to **hear from you** about the importance of access to care and the challenges families and individuals face in their family building journeys Help us enact positive change in 2022 by sharing your story!

Who are our advocates?

Anyone interested in improving the lives of all people challenged in their family building! Whether you are a current patient, you've resolved your family building, a healthcare professional, an adoption advocate, and/or a friend or family member, you are welcome, and we want you to join our efforts!

What do we advocate for?

We consider the issues we advocate for to be **"Pro-Family"**, which means they significantly impact people challenged in their family building due to infertility, discrimination, lack of access, or other reasons. We advocate for:

- Access to reproductive medical care such as IVF and Fertility Preservation treatment for all Americans, including Federal Employees, Veterans and Active-Duty military families.
- Advocacy for adoption tax credit and anti-discrimination for adoption policies.
- Increased medical research funding for infertility and conditions that can impact fertility.

What to expect?

- **Training and Support:** Whether this is your first-time attending Advocacy Day or your tenth we will provide you with all the training and information you need to be prepared.
- **Appointment Set Ups:** We will schedule all your congressional appointments for you with your two U.S. Senators and your U.S. Representative.
- **Connection:** You will not attend any advocacy meeting alone. We will always pair you with another advocate and we will host pre-event attendee meet-ups to build connections.

Registration and Questions? Learn more and register at resolve.org/advocacyday.
Registration closes on May 2 at 5 pm ET. Send questions to: info@resolve.org.
